Statement of intent

Alt Bridge believes that all pupils are entitled to an education that enables them to achieve their best, become confident individuals living fulfilling lives, and make a successful transition into adulthood.

This policy outlines the framework the school will use in meeting its duties, obligations and principal equality values in providing an appropriate high-quality education for pupils with SEND. Alt Bridge School is a special educational needs designated school and therefore all students on roll have SEND and an Education Health and Care Plan (EHCP) which outlines their legal entitlement to provision which meets their needs.

Through successful implementation of this policy, the school aims to eliminate discrimination and promote equal opportunities.

The school will work with the LA, or equivalent, in ensuring that the following principles underpin this policy:

- The involvement of pupils and their parents in decision-making.
- The early identification of pupils' needs and early intervention to support them.
- A focus on inclusive practice and removing barriers to learning.
- Collaboration between education, health and social care services to provide support.
- High-quality provision to meet the needs of pupils with SEND.
- Greater choice and control for pupils and their parents over their support.
- Successful preparation for adulthood, including independent living and employment.

Under the Equality Act 2010, a disability is a physical or mental impairment which has a long-term and substantial adverse effect on a person's ability to carry out normal day-to-day activities. For the purposes of this policy, a pupil is defined as having SEND if they have:

- A significantly greater difficulty in learning than most others of the same age.
- A disability or health condition that prevents or hinders them from making use of educational facilities used by peers of the same age in mainstream settings.
- Special educational provision that is additional to or different from that made generally for other children or young people of the same age by mainstream settings.

Identifying SEND

The school recognises that early identification and effective provision improves long-term outcomes for pupils. As part of the overall approach to monitoring the progress and development of all pupils, it has a clear approach to identifying and responding to SEND as outlined in the school's SEN Information Report.

With the support of the SLT, classroom teachers will conduct regular progress assessments for all pupils, with the aim of identifying pupils who are making less than expected progress given their age and individual circumstances.

The school plans, manages and reviews the school's provision and unique offer across the following four broad areas of need:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and/or physical needs

Safeguarding

The school recognises that evidence shows pupils with SEND are at a greater risk of abuse and maltreatment, so will ensure that staff are aware that pupils with SEND:

- Have the potential to be disproportionately impacted by behaviours such as bullying.
- May face additional risks online, e.g. from online bullying, grooming and radicalisation.
- Are at greater risk of abuse, including child-on-child abuse, neglect, and sexual violence and harassment.

The school recognises that there are additional barriers to recognising abuse and neglect in this group of pupils. These barriers can include, but are not limited to:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the pupil's condition without further exploration.
- These pupils being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils.
- The potential for pupils with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs.
- Communication barriers and difficulties in managing or reporting these challenges.
- A different cognitive understanding and being unable to understand the difference between fact or fiction in online content.

The headteacher and governing board will ensure that the school's Child Protection and Safeguarding Policy reflects the fact that these additional barriers can exist when identifying abuse.

When using physical intervention and reasonable force in response to risks presented by incidents involving pupils with SEND, staff will have due regard for the procedures outlined in the school's Physical Intervention Policy.

Care will be taken by all staff, to notice any changes behaviour or mood, or any injuries, and these indicators will be investigated by the DSL in collaboration with the leader for inclusion.

School staff will be particularly alert to the potential need for early help for pupils and liaise with the wellbeing hub staff to determine next steps.

The governing board and headteacher will ensure that all pupils are taught about how to keep themselves and others safe including online. The school will ensure that teaching of safeguarding is tailored to the specific needs and vulnerabilities of pupils with SEND.

Any reports of abuse involving pupils will involve close liaison between the DSL or deputy DSLs.

SEND provision

The school is aware of its statutory duty to provide a broad and balanced curriculum and recognise that high quality teaching, which is adapted for individual pupils, is the first step in responding to pupils.

Teachers at the school will:

- Set high expectations for every pupil.
- Plan stretching work for pupils whose attainment is significantly above the expected standard.
- Plan lessons for pupils who have low levels of prior attainment or come from disadvantaged backgrounds.
- Use appropriate assessment to set targets which are deliberately ambitious.
- Plan lessons to ensure that there are no barriers to every pupil achieving.
- Be responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff.

Alt Bridge School will engage in continually assessment of the provision for pupils. This will be through the application of a four-part cycle – **assess, plan, do, review** – whereby earlier decisions and actions are revisited, refined and revised with a growing understanding of the pupil's needs and of what supports the pupil in making good progress and securing good outcomes. The process is as follows:

- **Assess:** establishing a clear assessment of the pupil's needs
- **Plan:** agreeing the adjustments, interventions and support to be put in place, as well as the expected impact on progress, development or behaviour, along with a clear date for review
- **Do:** implementing the agreed interventions and support
- **Review:** analysing the effectiveness of the interventions and their impact on the pupil's progress in line with the agreed review date

Where higher levels of need are identified, the school will access specialised assessments from external agencies and professionals.

Where, despite the school having taken relevant and purposeful action to identify, assess and meet the SEN of a pupil, they have not made expected progress, the school, in consultation with parents, will consider requesting an Education, Health and Care needs assessment.

The school will consider whether additional pastoral support and attention for pupils with SEND is required, alongside ensuring that any appropriate support for communication is in place.

EAL

The school is aware that there may be pupils at the school for whom English is not their first language and appreciates that having EAL is not equated to having learning difficulties. At the same time, when pupils with EAL make slow progress, it will not be assumed that their language status is the only reason; they may have SEND.

The school will consider the pupil within the context of their home, culture and community and look carefully at all aspects of a pupil's performance in different subjects to establish whether the problems they have in the classroom are due to limitations in their command of English or arise from SEND.

Transition

The school is aware of the importance of planning and preparing for the transitions between phases of education and preparation for adult life. We provide an enhanced transition programme for all students to ensure as smooth as transfer as possible.

EHCPs will be reviewed and amended in sufficient time prior to a pupil moving between key phases of education, to allow for planning for and, where necessary, commissioning of support and provision at the new setting.

Involving pupils and parents in decision-making

The school is committed to working in partnership with all parents in the best interests of their child and will provide an annual report for all parents on their child's progress.

We provide Individual Education Plans for all students which are reviewed at least three times annually. Student voice is gained in the review of IEPs and in preparation for EHCP reviews.

The planning that the school implements will help parents and pupils with SEND express their needs, wishes and goals, and will:

- Focus on the pupil as an individual.
- Be easy for pupils and their parents to understand by using clear, ordinary language and images, rather than professional jargon.
- Highlight the pupil's strengths and capabilities.
- Enable the pupil, and those who know them best, to say what they have done, what they are interested in and what outcomes they are seeking in the future.
- Tailor support to the needs of the individual.
- Organise assessments to minimise demands on parents.
- Bring together relevant professionals to discuss and agree together the overall approach.

The school will involve the parents and the pupil in discussions surrounding how the school can best implement each EHCP and the agreed provisions to help the pupil thrive in their education, and will discern the expected impact of the provision on the pupil's progress.

Where necessary, the school will facilitate support from an advocate to ensure the parent's views are heard and acknowledged.

EHC plans

All students who attend Alt Bridge school have an EHCP.

The purpose of an EHC plan is to make special educational provision to meet the SEND of the pupil, to secure the best possible outcomes for them across education, health and social care and prepare them for adulthood.

Reviewing EHC plans

The school will ensure that teachers monitor and review the pupil's progress during the year and conduct a formal review of the EHC plan at least annually.

The school will:

- Cooperate with the LA and relevant individuals to ensure an annual review meeting takes place, including convening the meeting on behalf of the LA if requested.

- Ensure that the appropriate people are given at least two weeks' notice of the date of the meeting, such as representatives from the LA SEN, social care and health services.
- Seek advice and information about the pupil prior to the annual review meeting from all parties invited, and send any information gathered to all those invited, at least two weeks in advance of the meeting.
- Ensure that sufficient arrangements are put in place at the school to host the annual review meeting.
- Contribute any relevant information and recommendations about the EHC plan to the LA, keeping parents involved at all times.
- Lead the review of the EHC plan to create the greatest confidence amongst pupils and their parents.
- Prepare and send a report of the meeting to everyone invited within two weeks of the meeting, setting out any recommendations and amendments to the EHC plan.
- Clarify to the parents and pupil that they have the right to appeal the decisions made regarding the EHC plan.
- Where possible for LAC, combine the annual review with one of the reviews in their care plan, in particular the personal education plan (PEP) element.
- Where necessary, provide support from an advocate to ensure the pupil's views are heard and acknowledged.
- Where necessary, facilitate support from an advocate to ensure the parent's views are heard and acknowledged.
- Review each pupil's EHC plan to ensure that it includes the statutory sections outlined in the 'Special educational needs and disability code of practice: 0 to 25 years', labelled separately from one another.

Gathering the student's views for the EHCP review

- It can be determined between the form teacher and parent/carer, how the child's views are gathered four weeks before the meeting. Staff in school can support students in completing the questionnaire or the parent can. It is important that every effort is made to gather the views of the student and have them ready to share two weeks before the annual review meeting.
- Some students will share their views in ways that are alternative to written form. There are creative ways to do this. Suggestions might be that they prepare a short film which shares their views or an audio clip. Others may wish to share their views pictorially or through the use of IT.

Re-assessment of an EHCP

If a pupil's needs significantly change, the school will request a re-assessment of an EHC plan at least six months after an initial assessment. Thereafter, the governing board or headteacher will request the LA to conduct a re-assessment of a pupil whenever they feel it is necessary.

Supporting successful preparation for adulthood

The school is aware that being supported towards greater independence and employability can be life-transforming for pupils with SEND. It recognises the importance of starting early,

centring on pupil aspirations, interests and needs, and will ensure that pupils are supported at developmentally appropriate levels to make a smooth transition to what they will be doing next, e.g. moving on to higher education.

The school will:

- Ensure that the EHC plan review includes a focus on preparing for adulthood, with additional focus on transition and preparing for adulthood from Year 9 onwards.
- Build transition planning into the revised EHC plan to identify appropriate post-16 pathways for higher education and employment, and support preparation for independent living, maintaining good health in adult life and participating in society.
- Seek partnerships with employment services, businesses, housing agencies, disability organisations, and arts and sports groups, to help children understand what is available to them as they get older, and what it is possible for them to achieve.
- Engage with FE providers as necessary to help plan for any transitions.
- Ensure that all pupils are provided with independent careers guidance.

The school's Careers Policy details how the school will fulfil its statutory duties under section 42 of the Education Act 1997 and work with pupils with SEND to ensure they are prepared for the workplace.

Managing complaints

The school will publish the Complaints Procedure Policy on the school website.

Following a parent's serious complaint or disagreement about the SEND provision being made for their child, the school will contact the LA immediately to seek disagreement resolution advice.

The school is aware of the formal and informal arrangements for resolving disagreements at a local level and will work with the LA in responding to requests for information as part of procedures for:

- Disagreement resolution.
- Mediation.
- Appeals to the SEND Tribunal.

The school will meet any request to attend a SEND tribunal and explain any departure from its duties and obligations under the 'Special educational needs and disability code of practice: 0 to 25 years'.

Staff training and improving practice

The school is committed to the learning and development of all its staff members and training opportunities will be provided and delivered in line with the school's CPD and Training Policy.

Use of data and record keeping

All information about pupils will be kept in accordance with the school's Records Management Policy and Data Protection Policy.

The school's records will be kept securely so that unauthorised persons do not have access to it, so far as reasonably practicable.

The school keeps data on the levels and types of need within the school and makes this available to the LA and Ofsted.

Confidentiality

The school will not disclose any EHC plan without the consent of the pupil's parents, except for specified purposes or in the interests of the pupil, such as disclosure:

- To a SEND tribunal when parents appeal, and to the Secretary of State under the Education Act 1996.
- On the order of any court for any criminal proceedings.
- For the purposes of investigations of maladministration under the Local Government Act 1974.
- To enable any authority to perform duties arising from the Disabled Persons (Services, Consultation and Representation) Act 1986, or from the Children Act 1989 relating to safeguarding and promoting the welfare of children.
- To Ofsted inspection teams as part of their inspections of schools and LAs.
- To any person in connection with the pupil's application for students with disabilities allowance in advance of taking up a place in HE.
- To the headteacher (or equivalent position) of the setting at which the pupil is intending to start their next phase of education.

The school will adhere to the Confidentiality Policy at all times.

Publishing information

The school will publish information on the school website about the implementation of this policy.

The information published will be updated annually and any changes to the information occurring during the year will be updated as soon as possible.

The SEN Information Report will be prepared and will be published on the school website. It will include all the information outlined in paragraphs 6.79 and 6.83 of the 'Special educational needs and disabilities code of practice: 0 to 25 years'. It will be reviewed and updated annually.

Joint commissioning, planning and delivery

The school will work closely with local education, health and social care services to ensure pupils get the right support.

The school will work with Knowsley LA around pupil place planning and the schools' designation of needs.

The school will assist the LA in carrying out their statutory duties under the Children and Families Act 2014, by ensuring that services work together where this promotes children and young people's wellbeing or improves the quality of special educational provision (Section 25 of the Children and Families Act 2014).

Where pupils with SEND also have a medical condition, their provision will be planned and delivered in coordination with the EHC plan.

SEND support will be adapted and/or replaced depending on its effectiveness in achieving the agreed outcomes.

Local Offer

The school's governing board will collaborate with and support the LA in developing and reviewing the Local Offer, where necessary and appropriate, to ensure that it is:

- **Collaborative:** Where appropriate, the school will work with LAs, parents and pupils in developing and reviewing the Local Offer. The school will also cooperate with those providing services.
- **Accessible:** The school will collaborate with the LA during development and review to ensure that the LA's Local Offer is easy to understand, factual and jargon-free; is structured in a way that relates to pupils' and parents' needs, e.g. by broad age group or type of special educational provision; and is well-signposted and -publicised.
- **Comprehensive:** The school will help to ensure that parents and pupils understand what support can be expected to be available across education, health and social care from age 0 to 25 and how to access it. The school will assist the LA in ensuring that the Local Offer includes eligibility criteria for services, where relevant, and makes it clear where to go for information, advice and support, as well as how to make complaints about provision or appeal against decisions.
- **Up-to-date:** The school will work with the LA to review the Local Offer to ensure that, when parents and pupils access the Local Offer, the information is up-to-date.

The school will provide the LA with information about their existing SEND provision and capabilities to support pupils with SEND to aid in the drafting of the Local Offer, where required.

Monitoring and review

The policy is reviewed on an annual basis in conjunction with the governing board; any changes made to this policy will be communicated to relevant stakeholders.

All members of staff are required to familiarise themselves with this policy as part of their induction programme.
