11th March 2026

Dear Parents and carers,

Thank you to all parents and carers to submitted their views on uniform via our consultation surveys. We gathered 50 parental responses to our first survey and 29 to our survey regarding views on our proposals.

I am pleased to say that out of the 29 parents and carers who were asked if they approved the uniform proposals, 75% responded 'yes' and 25% responded 'partly'. There were no parents who disagreed with the proposals entirely.

Given the support for our uniform proposal and also the support of our student school council, we will proceed with introducing our new uniform policy from September 2026.

School council met to discuss the proposals, and all students were in favour of them. Students were keen for the school hoodie to have the school logo, for all students to wear unbranded black trainers so there was no competing for expensive brands and felt that the new uniform choices would help them to concentrate in lessons. Some students wanted to see another option for sports instead of shorts in summer so we have considered this and decided that we can allow another option in summer which is a skort (combined skirt and shorts).

We have made one minor adjustments in light of feedback from students and parents. The following adjustments are also included in our changes:

- In summer, as part of the 'casual' uniform, students can wear either navy longer shorts or a navy skort as an additional option.

THE DUKE OF  
EDINBURGH'S AWARD.
