Careers in creative industries

Year 10 and 11 Performing Arts students recently visited Adlib in Knowsley, where they gained valuable insight into the live events industry.

They explored a range of technical roles, including stage lighting, sound systems, projectors and screens, as well as stage curtains, electrics, and rigging.

The trip provided a real-world experience and helped students understand potential career pathways within the industry.

Adlib

Royal Liverpool Philharmonic

Year 8 students recently visited the Liverpool Philharmonic Hall to attend a live concert titled Citizens of Earth: Music for What Matters. During the performance, pupils explored how music can address important global issues, including environmental conservation and children's rights around the world. They discovered how composers use their work to communicate powerful messages and raise awareness of the challenges facing our planet. This inspiring topic will continue to be explored in music lessons next term.

Dot Art Schools

All Year 9 pupils were given the opportunity to create an original piece of artwork for entry into the Dot-Art Schools Interactive online art competition. A panel of respected arts professionals has now shortlisted the top three entries from Alt Bridge. The public vote is now live! Please take some time to browse all the entries, as students have produced some fantastic work. Don't forget to vote for your favourite.
